

Dear FCC, As a taxi driver in New York City I spend a lot of time in my cab. I also spend a lot of time listening to the XM-Radio, which really became like a partner during my shifts. The introduction of the Traffic and Weather channels has helped me a lot by making my day more efficient and providing the most accurate information, which cannot be matched on any other radio station, be it AM.

I ask kindly that you reject the NAB's petition 04-160.

XM-Radio Subscriber,
